

Boil Water Notice Rescinded

March 08, 2024

On 03/01/2024 the Texas Commission on Environmental Quality required the **Bandera River Ranch Water SC** public water system, PWS #0100017 and PWS #0100040, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water **no longer requires boiling prior to use as of 03/08/2024**.
