Boil Water Notice Rescinded
Saturday, August 8, 2026

On Tuesday, August 4th, 2026, the Texas Commission on Environmental Quality required the Bandera River Ranch Water Supply Corporation public water system, ID# 0100017, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that **the water no longer requires boiling prior to use as of Saturday, August 8, 2026.**

If you have questions concerning this matter, you may contact Bandera River Ranch Water Supply Corporation office at (830)796-4199. If you experience a water emergency after hours, call our office and follow the phone prompts to report the issue. To receive important updates, we encourage you to sign up for Call Multiplier notifications through our office.

Thank you,

Bandera River Ranch Water Supply Corporation
